Director's Corner

This lovely library opened in 1997 and since then has seen a generation (or two) of readers come through its doors to read, study at the sturdy oak tables, and play in the children's area. All of that use has taken a toll and we have been planning and fundraising and dreaming of renovating for many years now.

To this end, I am excited to announce that our library has been awarded a

service grant from the Community Design Collaborative to develop a preliminary design for a renovation.

While the Collaborative will be providing the design experts, we need your help to guide the design! The library is in the process of

identifying and selecting volunteers for a community task force interested in revitalizing our library. This task force will be comprised of neighbors, patrons, Friends, local business owners, civic leaders, and other community professionals. Members of the task force will meet with the Collaborative twice to discuss the design, two months apart.

If you would be interested in participating on the task force that will help our library building for the next twenty years, please contact me by December 30.

Here's a [fun video tour](#) our CAPS students made of the library in 2016,

if you haven't been by recently!
